EXAMINER'S AMENDMENT

Claims 1-18 are allowed.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Cancel non-elected claims 19-22. [Note: These claims were non-elected without traverse in the applicants' response of March 2, 2009 to the restriction requirement mailed February 2, 2009].

In claim 7, last line, replace "rodse" with --rods--.

In claim 11, 10th line, replace "groups" with --group-- after "distribution".

In claim 12, 10th line, replace "groups" with --group-- after "distribution".

In the specification:

On page 73, 3rd line, replace "3017" with --3018-- after "numeral".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the prior art fails to teach or suggest a method of manufacturing horizontally continuously cast aluminum alloy rods, in which the method includes the steps of horizontally continuously casting of molten aluminum alloy into rods, straightening the aluminum alloy rods followed by peeling skin portions of the straightened aluminum alloy rods, nondestructively inspecting the surface and internal portions of the peeled and straightened aluminum alloy rods, sorting the aluminum alloy rods based on results of the nondestructive inspection step, and packing the non-defective aluminum alloy rods, all steps of which are continuously performed (independent method claim 1).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
